

Evangelization Workshop

How to share your story

This workshop presented by D.J. Florian, director of pastoral services, is designed to help Catholics know and widely share their personal stories of faith. We will engage in a simple, yet effective, series of reflective and written exercises that lead you to a greater awareness of God's daily presence.

This awareness will help you develop deeper insights into your experience with God. You will be more confident and better equipped to participate in the saving mission of Jesus Christ.

This workshop will especially benefit those in parish ministry and school leadership positions (faith formation, RCIA, YM, school faculty, etc.).

“

“I never really had a clear story of how God found me. I think when I come across someone who is doubting their faith or who doesn't believe, I can very clearly share what I have experienced. It deepened my own belief that God follows after us.”

- April 2024 participant
